The start of the rally year is finally here (and with brilliant riding weather too) so it's timely to include a few reminders regarding rally etiquette.

Despite all the training styles I've tried, I'm yet to find one that teaches a horse to pick up after itself, so please do remember to clean up after your horse; there have been too many instances over the summer where members have gone to ride and have had to clean the arena or yard first. The manure pile is at the top end of the carpark, please do not just throw it over the back of the yard or beside the wash bay; come working bee time, cleaning up that mess is probably the worst job.

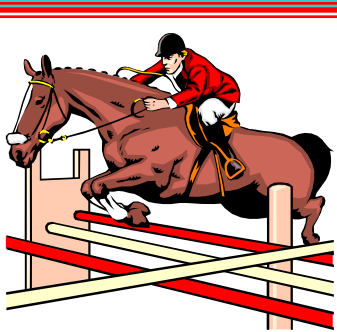

Respect fellow riders and instructors. We all know to ride left to left in the arena but it can be other less obvious distractions that can impact on a fellow rider so please give ample space to those horses that are perhaps having a bad day at the office and also be mindful of your actions surrounding the arena, if you need to lunge your horse and you expect a few fireworks, please make use of the larger areas away from the arenas.

Never be afraid to ask for help. With so many members the chances are good that someone has experienced your particular problem and we are all happy to help each other, it's one of the great features of the riding community.

Enjoy yourself, get involved and get the most out of your membership!

Kim

## Saturday Rally Dates and Instructors for 2015

Hi Guys,

Welcome to 2015

Here is our schedule for the next three months. We have had a great response to the Young Horse classes and have added more times – so basically the 9.30 and 10.30 slots are just a guide – if we get more riders who want to participate we will just add extra time slots – Although it would be great if you could book in early so I can organise the instructor to give more lesson the day. Looking forward to meeting all our new members and seeing all the regulars again.

Cheers

Lisa x
